DISCLAIMER OF WARRANTIES

J.R. Simplot Company warrants that the composition of this product conforms to the description and is reasonably fit for the purpose as stated on the label only when used in accordance with label directions under normal conditions of use. This warranty is expressly in lieu of all other warranties and representations expressed, implied, or statutory, including warranties of merchantability and fitness for a particular use. Timing, rate and method of application, weather and crop conditions, and mixtures not specifically recommended on this label or an accompanying written recommendation, are beyond the control of the seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. Buyer further agrees in the event of damages resulting from, but not limited to, weather or soil conditions, presence of other materials, or failure to follow label directions will be assumed by the Buyer or User; and to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of seller's liability. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon seller.

DIRECTIONS FOR USE

Amino Calcium™ 6-0-0 can be foliar applied or injected through the irrigation system. When applying to foliage, it is important to uniformly wet the entire leaf surface to maximize foliar uptake potential. This product can be used to help prevent and manage calcium deficiency in plants and to maintain overall plant quality.

Turf: Apply 1-2 oz. per 1,000 sq. ft. every 14-21 days, no less than once per month. Apply 3 oz. per 1,000 sq. ft. when needed to correct a known deficiency. Increase dosage of product and irrigation scheduling when dealing with unfavorable conditions.

Amino Calcium™ 6-0-0 is an economical and non-phytotoxic approach to correct calcium deficiencies and improve turfgrass quality. It is compatible with many fertilizers and pesticides. If compatibility is uncertain, a jar test is recommended.

Volumetric Conversion Information:

1 fl. oz. of **Amino Calcium™ 6-0-0** = 0.0046 lbs. N, 0.0076 lbs. Ca, 0.000015 lbs. B

Weight per gallon..... 11.93 lbs/gallon@68°F

Caution: This product contains Boron. Use of this product at rates other than those recommended, may cause injury to susceptible plants.
