

# BU10

## Cost efficient & user friendly grass grow lighting system

**This extremely compact and plug & play BU10 is the indispensable first aid kit for your pitch. Because of its height, the BU10 applies high light levels to recover damaged areas quickly and strongly.**

### Operation

The BU10 treats a surface of 10 square meters at its maximum height in a straight angle, but can be lowered to increase light intensity or tilted to increase lighting surface. Because of its compact design and foldable legs, the BU10 is very easy to place and move, and takes up very little storage space.

### Plug & play

The BU10 is the ultimate plug & play unit. Just plug it into a standard 230V socket and turn it on and off with the push of a button.

### Assembly

The legs of the BU10 can be clicked on easily and can also quickly be taken off and stored in the frame.

## Benefits

- Fast recovery of high wear areas at low costs
- Plug & play
- Regular 230V plug
- Quick and easy online ordering

## Technical specifications

Lighting footprint	10 square meters
Light level	250 umol
Dimensions in operation	L 2.2 x W 1.8 x H 1.6 m
Dimensions in storage	L 1.4 x W 0.3 x H 0.3 m
Weight	32 kg
Number and types of armatures	2 X 1000 W 230V DE
Plug	Standard AC power plug 10A
Energy consumption	2.1 kWh (0,21 kWh per m²)
Voltage	230 V
